

EXCESSIVE SENSITIVITY AMONG GIFTED STUDENTS IN AL-LAYTH GOVERNORATE

LAFI AHMED IBRAHIM AQBALI

Ministry of Education, Saudi Arabia

ABSTRACT_ *The study aimed to identify the degree of sensitivity of the outstanding students in Al-Leith Governorate and its differences according to the variables of the stage and sex. The study used the descriptive method through a questionnaire prepared to gather information. The sample consisted of (120) outstanding students. The results indicated that the degree of sensitivity among the students was mediocre, and there were no statistically significant differences in the sensitivity due to the different stages of study and sex.*

KEYWORDS: *Extra Sensitivity, Gifted Students.*
